Panel	Description	Dialog
1.1	Deep in the ocean; teeming with life.	
1.2	A FEMALE North Pacific giant octopus swims past.	
1.3	A MALE octopus chases her.	
1.4	They dance playfully with each other.	
1.5	Their dance continues into this panel.	

Panel	Description	Dialog
2.1	The female moves towards some coral.	
2.2	As she nears, a Spiny Dogfish SHARK swims out...	
2.3	...and savagely attacks the female.	
2.4	A close-up of male octopus' reaction: shock/anger.	

Panel	Description	Dialog
3.1	The male octopus charges the shark.	
3.2	They grapple.	
3.3	The shark bites one of the octopus' limbs.	
3.4	The octopus wraps his limbs around the shark and starts to crush.	
3.5	The shark trashes, but to no avail.	
3.6	Again the shark trashes.	
3.7	The shark's fin twitches.	
3.8	The shark's body is limp.	

Panel	Description	Dialog
4.1	With the dead shark slowly sinking in the background, the octopus wraps his arms around the dying female; she is bleeding badly.	
4.2	A close shot of his eyes, drooping sorrowfully. The female is reflected in them.	
4.3	A darkness looms over them both.	

Panel	Description	Dialog
5.1	A large mechanic claw scoops the male octopus up.	
5.2	He loses his grip on the female.	
5.3	Wide shot of a gigantic sci-fi submarine pulling the male octopus in. Below him the female sinks amidst a cloud of blood; he reaches out hopelessly.	
5.4	Close up of his eyes as she drifts out of his sight; just a hazy shape in the murkiness of the sea.	

Panel	Description	Dialog
6.1	The male octopus is placed in a small circular aquarium in the centre of a medical bay.	
6.2	Surgeons stand around his tank.	<p>SURGEON 1 Test subject 'DAKKAR' captured.</p> <p>SURGEON 2 Subject's status?</p> <p>SURGEON 1 Wounded from encounter with shark. Repairable.</p> <p>SURGEON 2 Prep for surgery.</p>
6.3	An injector is connected to the tank...	
6.4	...the contents of which are injected into the tank.	
6.5	The Octopus (Dakkar) passes out, as he sees a blurred vision of a machine covered in knives and syringes approach from overhead.	
6.6	Darkness.	

Panel	Description	Dialog
7.1	A smaller mechanical claw lifts Dakkar from his tank; his limbs all limp.	
7.2	He is dropped on the floor; mechanical augmentations allowing him to speak and breath. His damaged limb has been replaced with a mechanical one.	
7.3	He lays upon the floor, unmoving.	
7.4	His eyes start to wake, but he is groggy.	

Panel	Description	Dialog
8.1	Dakkar tries to lift himself up...	
8.2	...but he collapses to the floor.	
8.3	From behind a one-way glass, two suited figures watch as he tries to get up once more and again fails.	FIGURE 1 Do you think it's cruel? FIGURE 2 Of course not. The uplifted are smarter. We're going to send him into space.
8.4	Close shot of Dakkar's eye, welling up with tears (perhaps with a ghostly reflection of the female octopus in his eye?).	FIGURE 2 (CONT.) We're giving him a chance for happiness...
